3. Create a summary of last month's spending in categories and analyze it
4. Create an intentional & realistic budget/spending plan that aligns with your values and goals
5. Track your spending daily (Excel or phone app: EveryDollar)
****Don't spend what you don't have****

6. Analyze your spending at the end of each month, pay all credit cards in full.
7. Make a plan for money left over (savings, debt, investment)
